«Coherent and radical. This duo enriches the evolving Freiburg dance scene enormously.»
–Bettina Schulte Badische Zeitung 21.09.2019

Temporary illusions (2019) was the first production of twOne Company.
In this work Ewelina Kotwa (DE / PL) and Belinda Winkelmann (DE / CH)
are asking about the nature of "home", trying to understand a deep human longing,
likely to be encountered by most people throughout their lives.
Home is a place, a time, a river flowing in all directions.
